BTS Receives Telecommunication Industry's Top Award

Technology Assurance Group (TAG) Showcases BTS as a Top Telecommunication Company at its 2008 National Convention

BIRMINGHAM, AL — March 31, 2008 — BTS, a leading telecommunications provider, announced today that the company received one of Technology Assurance Group's top telecommunications awards at the association's 2008 National Convention held in San Diego in March. Technology Assurance Group (TAG), a national organization of independently owned telecommunication companies, selected BTS as the winner of the "Special Achievement Award" for exceptional economic performance and superior customer satisfaction. BTS was highlighted as one of the nation's leading telecommunications companies during a special awards ceremony.

The prestigious awards, which are given out annually, are based on overall financial performance, customer satisfaction, and the ability to provide customers with cost effective telecommunications solutions. "In 2007, BTS outperformed and surpassed many of the best companies in the business," said Dale Johnson, president of Technology Assurance Group. "BTS's customer oriented focus fueled the company's overall success. Throughout the year they provided their customers with state-of-the-art technology giving businesses of all sizes a competitive advantage and improved profitability. BTS is one of TAG's premier members and we were proud to showcase such a

fine organization at our national convention."

Brian Wakefield accepted the award for the company. "We're extremely proud of this accomplishment, because we were able to succeed, in a very competitive industry," said Mr. Wakefield. "We attribute much of our success to the many benefits that we receive from our membership in TAG. The organization has been a refreshing approach to learning better business practices. TAG gives us support, focus and an outline to follow in order for us to build a better business. BTS is also very fortunate to have a team of dedicated professionals that are willing to implement new strategies. This process has not only benefited us, but our customers also experienced improved results in their businesses as well."

BTS offers businesses a variety of communication solutions including telephone systems, local/long distance service, Internet connectivity, web conferencing, teleconferencing, call accounting, and Voice over IP (VoIP). The company's mission is to serve the business community with tools that make organizations run more efficiently, increase their profitability and give them a competitive edge in their marketplace.
